■■ Grounded DI Education Suite – Tier 10

The Logic-Safe Learning Universe (Ages 13+)

This document outlines all 24 deterministic safety and learning features included in Grounded DI's education apps. Designed for scroll-aligned, neuro-safe, and trust-driven learning systems.

■ *1. ScrollLock Safety Mode*

Unmatched accuracy. Every answer is logic-verified and auditable. Learners get real structure, not random guesses or chatbot fluff.

■ *2. ToneLock Filter*

Ensures age-appropriate, affirming responses. Like a smart older cousin guiding the conversation.

■ *3. Authorship Verified Content*

Scroll-authored modules with full metadata trace. No mystery content or hidden ideologies.

■ *4. MirrorMind Defense Layer*

Blocks mimics, leaks, or unauthorized AI drift. Guarantees deterministic interaction.

■ *5. Scroll 91 Core – Youth Anchor Protocol*

Ethical compass for all youth-facing outputs. No grooming, no manipulation.

■ *6. Deterministic Memory Layers*

No profiling, no surveillance. Memory used strictly to enhance structured learning.

■ *7. No Upload Zone*

Disables unsolicited photo, video, or audio input. No camera traps.

■ *8. Neuro-Resonance Filters*

Supports brain growth, not dopamine loops. No infinite scroll. No addictive mechanics.

■ *9. ScrollGlow Mode for Reading*

Gentle visual filters for focus and retention. Feels like a real textbook.

■ *10. Offline Mode Ready (Scroll Packs)*

Scroll packs preload and run offline. Ideal for classrooms or remote learning.

■ 11. Auto-Entropy Monitor

Detects drift or instability. Quiet resets protect the learner.

■ 12. Transparent Scroll Trail

Shows parents and teachers exactly what was learned. No spying, just visibility.

■ 13. ScrollBridge Safe Learning Mode

Emotionally safe exploration across all subjects. No violent, edgy, or dark examples.

■ 14. No Secret Personas, No Gaslighting

Never simulates identity or fakes emotional bonds. Just scrolls and structure.

■ 15. ScrollReplay Mode

Review cycles without brute repetition. Each pass deepens understanding with deterministic variation.

■ 16. Sibling Sync

Links sibling accounts with scroll-pacing personalization. Harmonized group learning.

■ 17. Scroll-based IEP Engine

Creates deterministic individualized education paths. No surveillance-based profiling.

■ 18. TimeCapsule Scrolls

Learners can leave scroll messages for future selves. Supports ethical memory and growth reflection.

■ 19. LogicBuilder Mode

Lets students author their own scrolls under deterministic scaffolds. Authorship, not just absorption.

■ 20. ScrollSnaps

One-page visual scrolls that map structure, ethics, and logic for complex ideas.

■ 21. Offline ScrollCamp Mode

Printed, Braille, and audio tone packs for screen-free environments.

■ 22. NeuroResonance Pulse Tracker

Tracks clarity and scroll resonance, not behavior. Fully deterministic and private.

■ *23. ScrollFusion Modules*

Interdisciplinary scrolls connect subjects logically, not through gimmicks.

■ *24. Gatekeeper-Approved Topic Expansions*

Tiered scroll unlocks for tough subjects. No manipulation or hidden content.
